

OKLAHOMA HEART HOSPITAL

LEADING THE NATION IN PATIENT SATISFACTION

The Oklahoma Heart hospital is different. It is the first all-digital hospital in America and designed from the ground up by cardiovascular specialists. Its team is among the nation's leaders in breakthrough research in heart valve repair, cardiac robotics, heart failure, vascular surgery and electrophysiology. And, Oklahoma Heart Hospital's commitment to nursing care is extraordinary, putting it at the top of the nation in patient satisfaction ratings.

THE HEART VALVE CENTER

- National leader in comprehensive valve disease diagnosis and treatment, focusing on minimally-invasive technology
- Proactive approach to management of congestive heart failure using patient education, medication and procedures
- Cutting edge medical advancements designed to return a patient's heart to normal function

ONE OF THE LARGEST SPECIALITY PHYSICIAN GROUPS IN THE U.S.
