

Virginia Mason™

Virginia Mason's mission is to improve the health and well-being of the patients it serves through disease prevention and effective treatment. This is all-encompassing and includes clinical results and the service components of interactions with patients and their families. Virginia Mason is committed to providing the best outcomes and patient experiences available anywhere.

THE HEART INSTITUTE

Our heart surgeons are pioneers in the introduction of innovative surgical techniques, anticoagulation management, cardiovascular risk reduction, and diagnostic and interventional cardiology.

- Coronary artery bypass grafting
- Heart valve replacement/repair
- Closures of heart defects
- Thoracic and aortic aneurysm repair

THE SPINE CLINIC

Our team delivers multi-disciplinary, timely and cost-effective care for spine pain. The focus is on quality outcomes and patient satisfaction using evidence-based medicine.

- Acute and subacute pain
- Degenerative disc disease
- Disc herniations
- Myofascial pain
- Lower back pain

NAMED ONE OF THE LEAPFROG GROUP'S SAFEST HOSPITALS FOR NINE CONSECUTIVE YEARS

- "A" grades for patient safety from Leapfrog's Hospital Safety Score program
- Major achievements in reducing medical errors and promoting innovations in patient safety and quality

EdisonHealth
